## Who we are

“What I love about CDA is that we’re actually making a difference in policy. We’re directly engaged and not afraid of the hard conversations.”

JAMES GRIMSLEY, CHOCTAW NATION OF OKLAHOMA, CDA BOARD MEMBER

“Being a member of CDA gives you exposure to real-time policy and regulatory frameworks, allowing you to really participate. We have a much greater impact and ability to shape regulatory aspects. Being part of the CDA...helps you actually impact change.”

JEFF COLE, HIDDEN LEVEL, CDA BOARD MEMBER

"The CDA is a great source of  
real-time and current  
information."

JASON TERRERI, SYRACUSE REGIONAL AIRPORT  
AUTHORITY, CDA GENERAL MEMBER

"I really can't imagine being a part of a  
drone company that's not a member of  
CDA. Having access to policymakers and  
rulemakers and having your voice  
heard...shar[ing] updates with their  
members...sometimes even before they  
happen...because of their strong  
connections with important stakeholders.  
This is an amazing benefit of being a  
member."

BEN BERLIN, ZIPLINE, CDA BOARD CO-CHAIR

"We chose CDA because it  
represents a wide swath of the  
industry and allows you to bring  
together all those voices and  
thoughts behind initiatives that  
can move the industry forward."

OKEOMA MORONU, ZIPLINE, CDA  
BOARD MEMBER

"The membership fee is nominal  
when you consider the amount  
of knowledge and access you  
receive."

LUKAS KOCH, KELLY HILLS UNMANNED  
SYSTEMS, CDA GENERAL MEMBER

# The Leading Advocacy Organization for the Commercial Drone Industry

The Commercial Drone Alliance is an independent 501c6 non-profit organization led by innovators and change-makers in the community. As the leading organization and voice for the commercial drone industry, we unite the private sector with government to tackle key industry challenges facing our industry and help shape the future of commercial drones.

"Being a member is about education,  
participation, and a shared responsibility to  
help advance and raise the tide for the  
industry. We all benefit, so the more we work  
together and collaborate, the greater success  
we can achieve collectively and individually."

ERIC BROCK, ONDAS, CDA BOARD CO-CHAIR
